Irma, Alberta, Friday, February 5th, 1937.

\$2.00 per year in advance; 5c per copy

Sports of All Sorts.

The big news in the boxing world is the bout between Joe Louis and the champion Braddock. It looks as tho the boycott, organized by the Jews in retaliation for the Hitler hates, has brought this about. Schmelling would not draw the crowd with the silver tokens, so they switched to Louis and a possible gate of a million dollars in Chicago.

Bob Pastor, weighing 185 pounds, treated the fans to something new when he outboxed Joe Louis and his 208 pounds of black dynamite. While the win was actually counted for Louis, the crowd said Pastor won. When Louis hit, Pastor just wasn't there. For ten rounds he did that in this clever style he made Louis look like a joke. He used brains. That shows there is a place for "gray matter" as well as brawn in the ring.

In the Red Deer 'spiel the "Little Pink" was very prominent in the win column. Is that the same Dr. Little who had the good eye for ducks when in Viking?

The sad accident to Howie Morenz, a broken leg, may mean the departure of this veteran from hockey. After 13 years in big league puck war this ageing player may be forced to end his career. He has ever been a spectacular figure on the ice, a goal-getter. This winter has been terrible in disasters to players.

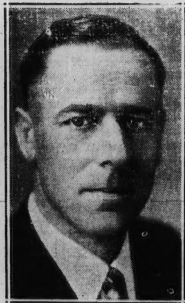

When Lester Patrick refused to sell his son for \$20,000 it was more than parental affection for the boy. Lyn Patrick has learned how to skate, how to handle a stick and how to take care of himself. The Patrick family is one in which Canadians can take real pride.

At the Viking 'spiel the Billy Rose rink did not show up very well, but at Killam they settled down to the real business of rock-throwing. They knew just what to do and they did it, taking plenty of silver home to Sedgewick.

It was a nice bouquet they threw at Clem Loughlin the other day in claiming he was one of the fastest skaters the game has ever seen. Local chaps who have seen Clem in action some years ago agree with this. He covered the ice rapidly in long, powerful strokes. No one can ever hope to amount to much in hockey until he learns to do well in the speed feature. But Clem excelled in this.

The flu has visited a great many homes in Irma during the past two weeks. Dr. Greenberg, J. Fletcher, Mrs. Hewitt and Mrs. Frickelton have fairly well recovered, while Mrs. Foxwell and daughter Joyce, Mrs. Simmermon and children, Mrs. Wilbraham and children, John Ostad and others are still confined to their homes.

Given Promotion

Herbert R. Brooke, whose promotion from the post of field foreman to field superintendent, succeeding G. W. Green who became general superintendent upon the retirement of C. H. Spencer, was announced Thursday by Julian Garrett, general manager of Northwestern Utilities, Ltd. Mr. Brooke, 32 years old, is a native of Belper, England. He came to Alberta in 1917 with his parents, settling in the Viking district. In 1925 he joined the Gas company staff and has since remained in the service.

For Job Printing see E. W. Carter.

HIGH SCHOOL PARTY IS BIG SUCCESS

The January meeting of the High School Literary Society took place in the form of a party in Hedley's hall on January 29th. Aletha Knudson, president of the society, acted as the chairman. The students were divided into groups, each group being responsible for a number. The result was an excellent program which was conducted in the form of an amateur night. First place went to the group consisting of A. Larson, C. Lovig, P. Bethge and H. Kasten, for an exhibition of tumbling. Following this a number of games and novelty contests were entered into with great enthusiasm by all. Towards the end of the evening the refreshment committee served a delightful lunch after which a few words by Mr. Reeds and Mr. Larson closed the entertainment for the evening.

Annual Meeting of Creamery Assoc'n

(From the Viking News)
The annual general meeting of the shareholders of the Viking Co-operative Creamery Association was held in the Anglican church hall on Saturday, January 16. Owing to the weather being so extremely cold, only some 17 shareholders were in attendance. The retiring president, Mr. Loades, gave an outline of the business of the preceding year and Mr. Wollen, vice-president, on behalf of the board of directors and the working committee, outlined what had been done in the way of additions or improvements during the year.

The financial statement and auditor's report were read item by item by the secretary-treasurer. This statement showed the association as being in a very healthy condition, and was adopted by the shareholders as read.

Mr. B. C. Gilpin was appointed auditor for the shareholders for the current year. The following officers were elected: Geo. A. Loades, president; Directors — John Rozmahel; A. A. Burnham; J. E. Prichard, John Child, Thomas Berg, F. A. Brown, D. Gallagher, Hans Hanson.

Mr. Skaltitzky is again manager and H. Rollans secretary-treasurer for the year 1937. After the meeting of the shareholders the newly elected officers held a directors' meeting at which Mr. L. Kelly was appointed auditor for the board of directors for the current year and Messrs. Wollen and Berg were appointed working committee for the current year, and the contract of supplying ice was awarded to Messrs. Wollen, Kjelland, Thompson and Leedland.

The Viking Co-operative Creamery Association has been in existence for almost 30 years and during practically the whole of the period has been under the able management of Mr. J. J. Skaltitzky. The Association has continued to increase its assets during those years in addition to which it has paid the farmers handsomely in the way of balances over and above the market price for their cream.

The annual meeting of the rate-payers of the Village of Irma was held on Friday evening, January 29. The attendance was small but all were pleased with the manner in which the affairs of the village had been handled during the past year.

IN DESPAIR

If still my hands were—folded—
I could not do a wrong;
The silence might express then
A sweet, unbroken song;
And chords might vibrate softly
To an unspeaking voice
And bid hearts laden; weary,
To wholesomely rejoice.

The flowers I'd hoped to plant here
May fairer, lovelier glow
When I am past repining
In deep and hopeless woe
The failures and misgivings—
The errors and mistakes,
The ruin of the fabric
If life's severe heart breaks.

—Nancy O. Parks.

It is much better to use two spoons instead of a fork when turning a roast of beef. The fork pierces the outside and allows juices to escape.

RESIGNATIONS OF CABINET MINISTERS CAUSE OF ALARM TO ALBERTANS

(By T. B. Windross)
Edmonton, Alta., Feb. 1.—The most startling news of the past week in governmental circles in the capital was the resignation of Hon. Charles Cockroft, provincial treasurer and minister of municipal affairs in the Aberhart cabinet during the past year. Rumors of this event had been circulating for some weeks past but were either denied or ignored by members of the government, even the premier himself putting off the announcement until the last minute.

It now appears that Mr. Cockroft's letter of resignation was handed to the premier on January 21st, the day after the portfolio of municipal affairs was taken from him and bestowed on Hon. Lucien Maynard. Report has it that the former treasurer was not willing to surrender this portfolio to Mr. Maynard and that led him to resign, but in his letter to the premier he expressly states his reasons for resigning as ill-health and for business reasons. This is the second resignation of men who were in the original cabinet of the Social Credit administration, the other being Hon. C. C. Ross.

The question of who will be Mr. Cockroft's successor is interesting to the public as this is written, but the premier up to Saturday night had made no announcement and had refused to do so saying he was giving the matter serious and careful consideration.

It has been learned that one of the members most prominently mentioned for the post, Mr. Solon P. Low, M.L.A. for Warner, has been asked to come to Edmonton Monday, and it was further learned from Sterling, Mr. Low's home where he is principal of the school, that Saturday morning he had been granted leave of absence by the school board there. It is predicted that he is Mr. Aberhart's choice for provincial treasurer and will be sworn in Monday afternoon.

Other names are being mentioned, however, but none of them seem as good a guess as Mr. Low. All the probabilities at this date point to the member for Warner as provincial treasurer.

It was announced by Hon. W. N. Chant, minister of agriculture, that the decision of the privy council in London declaring the social legislation of the Bennett government unconstitutional, will necessitate some minor changes in the Provincial marketing act of 1934 and 1935, which was passed as a supplementary measure to meet and support the federal act. He could not say yet what the changes will be, but they will be designed to make the provincial marketing act better suited to meet the requirements of the situation in Alberta, now that the jurisdiction of the provincial government over the affairs affected has been settled. The privy council settled the question of autonomy of the provinces in all matters relating to trade and business within their borders.

There is considerable activity among all parties, and especially opposition parties as the opening of the legislature draws nearer. This takes place on the 25th of this month. It is anticipated that the Liberals and Conservatives will press strongly for full details of the reasons behind recent changes in the cabinet line-up.

The sudden exit of John Hargrave, who had been advising the government's special planning committee, came as a surprise last Monday. As late as Saturday, the writer saw Mr. Hargrave and he apparently had no idea of leaving then. Yet Monday noon he took train for the east and left a statement for the press giving as his reasons he was dissatisfied with the prospects of establishing Social Credit under the present government.

D. M. Duggan, Conservative leader, has announced he will demand full particulars of this sudden change, and of the plan suggested by Mr. Hargrave before he left, be laid before the legislature. But it is doubtful whether this will be granted by the government.

Premier Aberhart announced during the week that the provincial government has no intention of operating a publicity campaign and no government appointed publicity man will be

employed by the government. He pointed out that soon after taking office the provincial publicity commissioner was dismissed on the ground of economy, and no change in this policy has been decided on by the administration.

ALBERT DISTRICT NEWS

At the annual meeting of the Albert U.F.A. local the following officers were elected: President, Mr. Hay; Vice-President, C. L. Currie; Secy-Treasurer, O. Griffiths.

Two hockey games were played at the Albert rink this week with the local lads scoring a win over Alma Mater in the first and losing to Orbindale in the second.

Program for the ensuing months will be drawn up at the W. I. meeting to be held at Mrs. Ramsay's on February 11th (Thursday). We are hoping for a full turnout of members armed with bright ideas.

The W. I. library has arrived and is installed at the Griffiths' home. A Mission Study Group has been organized by Mrs. Griffiths, the first meeting being held at her home last Sunday.

The flu epidemic has overlooked the Alberta residents so far but we do not feel at all neglected.

Alberta Dairymen's Convention To Be Held In Calgary

Alberta Dairymen from farms and factories will hold their annual convention at the Palliser hotel in Calgary for three days, Tuesday, Wednesday and Thursday, February 9th, 10th and 11th. The meetings of every section give ample opportunity for discussion of problems related to the industry today. Reports of recent research will be brought by Dr. E. G. Hood of the Dairy Research Division at Ottawa. Mr. Singleton and Mr. Burgess of the Dairy and Cold Storage Branch at Ottawa will discuss the butter situation throughout the Dominion and in the export market. Mr. A. C. Fraser of the National Dairy Council will also speak.

The Cattle Breeders' and Producers Sections will meet on Tuesday and Wednesday respectively. Dr. Bowstead and Dean Howes from the University of Alberta will speak to the farmers on pastures and feeds; Dr. P. R. Talbot, provincial veterinarian, will discuss diseases of cattle, and Mr. S. G. Carlyle, provincial livestock commissioner, will speak on Bull Loan Policies. In addition to these there will be discussions on present problems led by prominent dairymen of the province. Farmers will have an excellent opportunity to meet and frankly talk over plans for the improvement of their herds with leaders in the dairy industry today.

A similar program has been arranged for buttermakers and manufacturers. Dr. H. R. Thornton will be present and will speak on Milk and Cream Flavors. A feature of the buttermakers' sessions will be the open discussions that have been arranged, with creamery men from various parts of the province acting as leaders. Mr. W. Morris of Eckville is chairman of the Buttermakers' section this year and Mr. D. Morkeberg of the Manufacturers' section.

Special meetings and a cheese scoring contest have been arranged for cheese makers. Mr. Burgess of Ottawa will speak on Cheese Defects and their Remedies, and Dr. Thornton and Mr. Scott from the University of Alberta will deliver addresses.

A study of the complete program reveals an unusually good list of topics and speakers. The Alberta Dairymen's convention has always been of a high order and this year's meetings are no exception, being more largely attended and of more timely interest than usual.

Save juice left over when slices have been served from a can of pineapple. Pour it over sugar-covered apples in apple pie filling before top crust has been added and you will have a pie with a delicious flavor.

One teaspoon of dissolved gelatin added to one-half pint of whipping cream will make cream stiffer when whipped.

The World of Wheat

By H. G. L. Strango, Director, "Crop Testing Plan."

Fall frosts are taking our Marquis. We need an earlier variety! This was the cry heard by Canadian plant breeders as the Western wheat acreage expanded north immediately after the war.

This very same appeal, it will be remembered, had been made by Western farmers in 1890, when wheat acreage began to expand north and west from the Portage Plains, and when Red Fife was being caught by the frosts.

Charles Saunders in 1904 selected and tested the crosses that had previously been made by his brother Percy. Out of this work came Marquis, a variety earlier than Red Fife.

Similarly Dr. L. M. Newman, who succeeded Sir Charles in 1923 as Dominion Cerealist, in turn tested the crosses that had previously been made by Charles Saunders. Out of this material Dr. Newman selected two varieties earlier than Marquis—Garnet and Reward.

Dr. Seeger Wheeler, of Rosthern, Sask., as well, selected an earlier variety—Red Bobs.

Thus it will be seen how the needs of agriculture, as expressed by practical farmers, prompt plant breeders to produce more suitable varieties, which in turn tend to increase the farmers' income.

Garnet, Reward and Red Bobs will be discussed in future articles.

Following factors have tended to raise prices: Advances indicate Germany concerned about securing sufficient supplies of wheat and rye; Continental Europe purchases Canadian rye; Spring rains still awaited in India; Cattle slaughter in Uruguay for 1936 will be smaller than for 1935; Uruguay supplies about half of the

canned beef imported into the United States.

Following factors have tended to lower price: Very heavy wheat shipments from Argentina; Wheat stocks on sea passage largest since March, 1933; Surplus of Argentine oats for export expected to be 27 million bushels; Production of soy beans, peanuts, cottonseed and sesamum in China and Manchuria materially above that of 1935.

KINSELLA KERNELS

The Kinsella W. I. held their Burns' tea in aid of the Red Cross on Saturday, Jan. 30th. The sum of \$20 was made. Mrs. Taylor read teasups during the afternoon. A program of Scotch songs and dances proved very entertaining. The fancy cushion donated by Mrs. Ferries was raffled, the lucky ticket being held by Miss Isabel Stronach.

Miss Fleming's group of the C. G. I. T. will meet in the church hall on Saturday, February 6th.

Mr. F. Williams is a patient in the Viking hospital.

Miss Violet Williams and Mrs. J. Stronach spent a few days in Edmonton last week.

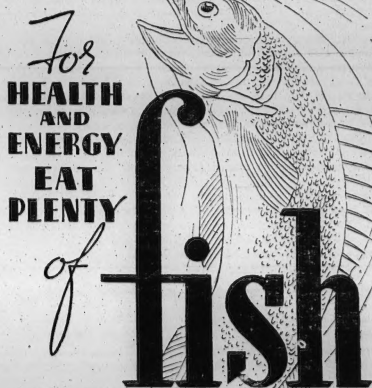

Miss Ruth Wachter and Mr. Robt. Witton were prize winners at the W. I. whist drive held Saturday night.

The Ladies' Aid are commencing a play, "Safety First," Mrs. Taylor and Miss F. Syson being in charge.

The Ladies' Aid meets at the home of Mrs. J. Allan on Thursday, February 11th.

"You say you were once cast away on a desert island, entirely without food. How did you live?"

"Oh, I happened to have an insurance policy in my pocket and I found enough provisions on it to keep me alive till I was rescued."

Make Canadian Fish and Shellfish a healthful and appetizing variation of your diet. Whatever form is most easily available to you—fresh, frozen, canned, smoked, pickled or dried—you will find it the food of health, tastiness and economy.

Health, because Fish Foods are rich in proteins, minerals and vitamins for good general health—in iodine, so vitally needed, inland—in copper for good rich blood—and others.

Tastiness, because Fish is a real fine-flavoured delicacy, quickly and easily digested and adapted to dozens of simple and delightful recipes.

Economy, because Fish Foods give you full value in nourishment for every cent spent.

Canadian Fish and Shellfish are noted throughout the world for quality and flavour. Bring this pleasure more often to your table also.

DEPARTMENT OF FISHERIES, OTTAWA

SALMON En Casserole
4 cup of rice
1 pound can of Canadian salmon
2 eggs
1 cup butter
1 cup milk
Cook rice, and when cold line baking dish with it. Place salmon, beat eggs, add milk, butter and salt. Stir mixture into salmon lightly and pour into baking dish. Then cover all with a little of the rice which has been reserved for this purpose, and steam one hour. Serve with white sauce.

Any Day A Fish Day

At the first nasal irritation or snuffle, apply Vicks Va-tro-nol—just a few drops up each nostril. Used in time, it helps prevent many colds entirely.

Cinderella Resources

This suggests that the time may be ripe for the provincial governments to at least inquire into the feasibility of a publicity campaign in Great Britain in an effort to induce solid capital to take up enterprises of the nature referred to and put to some real use great assets which to date have either been disregarded or developed to a very small extent.

Likely It Hurt

Britain spent \$750,000 in 1936 fighting rust corrosion.

If you are annoyed with itching piles or rectal soreness, do not neglect in same or run the risk of an operation. Any itching, soreness or painful passage of stool is nature's warning and proper treatment should be secured at once. For this purpose get from any druggist, a package of Hemroid and use as directed. This formula, which is used internally, quickly relieves itching and soreness, and aids in healing the hemorrhoidal spots. Hemroid is a physician's prescription and is highly recommended. It is easy to use and it seems the height of folly for anyone to risk an operation when a simple remedy, such as Hemroid, can be used. It may be had at such a reasonable cost.

WAKE UP YOUR LIVER BILE—

he declared and added he considered isolation or neutrality "an impossible and untenable status."

"I'm the man you've been talking about," he said. "Will you tell them when you go back again that I've bicycles to hire as well?"

Main Street

Mr. W. H. Osterhout was taken to the Viking hospital on Tuesday of this week, seriously ill with pneumonia.

W. J. Coad, who has been working in and around Irma district for a while, left Tuesday via Wainwright for his home at Youngtown.

Messrs. A. E. Peterson and L. Nash are attending the Trustees' convention in Edmonton this week as delegates from the Irma public and high schools respectively.

Mr. Ross McFarland was elected by acclamation to the Irma Village Council last Monday in place of Mr. A. E. Foxwell who had just finished his second term.

The Irma senior hockey team added another victory to their long list of winnings last Monday evening, when they defeated the Tofield team at Tofield by a wide margin with only seven players on deck and one of them a junior.

A number of the school children are suffering from an attack of the measles. The Board decided to close the school last Monday for a week in an effort to prevent the spread of this disease. The high school is still open but several of the pupils have been missing this week on account of sickness.

The monthly meeting of the Ladies' Aid of the United church, Irma, will be held on Thursday, February 11th, at 8 p.m., at the home of Mrs. J. H. Elliott. Devotional by Mrs. E. W. Carter; Paper by Mrs. C. McKay, subject "Home". Hostesses, Mrs. G. Tripp and Mrs. T. Marsden. Visitors welcome. M. Marsden, sec'y.

Notice of Dissolution of Partnership

NOTICE is hereby given that the partnership heretofore subsisting between us, the undersigned, under the firm name of Peterson's Garage in the Village of Irma, in the Province of Alberta, has this day been dissolved by mutual consent. All debts owing to the said partnership are to be paid to Ernest W. Peterson at Irma, aforesaid, and all claims against the said partnership are to be presented to the said Ernest W. Peterson by whom the same will be paid.

DATED at Irma, Alberta, this 26th day of January, A.D. 1937.

ANDREW Y. ARMOUR.
E. W. PETERSON.

Re-Elected President Viking Creamery Assoc'n

GEO. A. LOADES

At the annual meeting Mr. Loades was re-elected president of the Viking Co-operative Creamery Association by acclamation.

Viking Items.

The annual meeting of the ratepayers of the Village of Viking was held in the Elks' Hall, Viking, on Friday, January 29, 1936, at 8 p.m.

There were about 50 ratepayers in attendance when the meeting was called to order by Mayor Thunell.

The mayor gave a resume of what had been accomplished by the Council during 1936, covering the following departments: Finance, public works, office of secretary-treasurer, police, caretaker, fire brigade, library, Viking beach, recreation ground, auto camp, hospital, relief, old age pensions, health, dairies, cemetery, also the aims and prospects for 1937.

This community lost another of its pioneer residents by death on Thursday, January 28th, in the passing of Mrs. Addie Letitia MacDonald at the local hospital after an illness that gradually took her strength and she passed away peacefully to the great beyond.

The funeral was held from the United church on Sunday, January 31st, at 2:30 p.m., where a large gathering of friends, neighbors and pioneers who had known her since the early days, were present to pay their last respects. The sermon delivered by Rev. Dr. Stanley Scott, pastor of the church, summed up the great esteem in which the deceased was held. Dr. Scott spoke of the gracious memory left by Mrs. MacDonald. Her undaunted courage in facing the difficulties of a pioneer life; her unselfish devotion in upholding the highest ideals for the community in which she lived, her kind neighborliness, her cheery disposition and unflinching faith, will remain an inspiration to those who knew her. She held the office of elder in the United church where her wise counsel will be missed. Those privileged to hear Mrs. MacDonald lead in prayer at any group meeting will not soon forget the experience as she uplifted all present to communion with her trusted Heavenly Father. Her many fine traits of character endeared her to all. A good mother and a great soul has departed.

The young folks of the community organized a party that was held after the ratepayers' meeting in the Elks' hall last Friday evening. Music and lunch were donated and to say the least all in attendance said it was a real time. Further parties are under consideration.

Rev. T. Matthews returned on Monday from Victoria, B.C., where he went to attend the funeral of the late R. F. Kealey. He arrived one day late but had a visit with Mrs. Kealey and her two sons, who we understand will remain at the coast.

The Tuxis organization of the United church will sponsor their second annual Valentine's Ice Carnival on Saturday, February 13th. Watch for further announcements.

The dominion department of Fisheries is beginning an advertising campaign in this issue. Clip the coupon.

NOTICE

To Ratepayers of the Wainwright Hospital District within the Bounds of the Municipal District of Battle River, No. 423.

A meeting of the Ratepayers of the Wainwright Hospital District No. 17 will be held in the Council Chambers at Wainwright at 2 o'clock on Friday afternoon, February 12th, 1937.

As informed by the secretary of the Wainwright Hospital Board January 11th, 1937.

CHAS. WILBRAHAM,
Sec.-Treas., M.D. Battle River,
No. 423, Irma, Alberta.

"Be It Ever So Humble"

IT is to the "humble homes" of Canada that the great majority of Life Insurance payments find their way.

Many such homes today would lack the necessities of life—were it not for the "little savings" which thrifty parents have set aside periodically in Life Insurance.

To the family which loses its breadwinner, Life Insurance means money to buy food and clothing—money to pay the rent—money to pay household bills—money to educate the children. Life Insurance also

means, in many cases, independence of private charity or public relief.

In your own community, as well as in hundreds of cities and towns across Canada, "little savings" in Life Insurance are doing "big jobs". During the past six years, policyholders and beneficiaries in Canada have received, daily, from their Life Insurance Savings, half a million dollars.

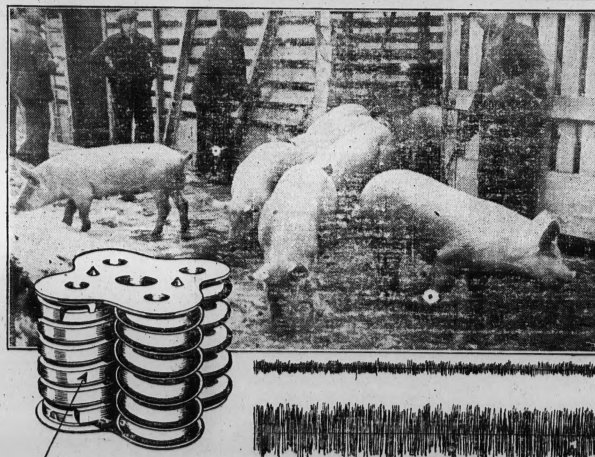

"Be it ever so humble"—there's no home which cannot have the much-needed protection of Life Insurance.

These Little Pigs Went to Market on Springs

FRICION SPRING

STOCK cars on the Canadian National Railways equipped with friction springs have reduced shrinkage and losses on live stock shipments, effecting a considerable saving both to the railway and the shipper, while at the same time providing the animals with greater comfort in transit and freedom from bruises and damage. Above is shown a shipment of bacon hogs, unloaded at the Montreal stockyards of the National System. Below, left, the friction spring which has

reduced jarring and bumping of cars in transit. The wavy line at the top right shows the extent to which the car moves up and down on the friction springs; the wavy line below shows the movement which takes place in travel of a car not equipped with the friction springs. Test apparatus was used to determine the effect of the new spring equipment under actual loading conditions. Railway authorities also find the new spring equipment helpful to them since it reduces stress and damage to equipment and track.

pon and send for the booklets that are offered.

Don't forget the McCormick-Deering moving pictures of power farming equipment in the Elks' hall on Saturday, February 6th, commencing at 10 a.m., sponsored by the N. C. Graham Hardware. It's free to all. W. J. Brown and J. L. Slavik were nominated for the position of Councillor of the Village of Viking for a term of three years to fill the vacancy of N. C. Graham whose term had expired and who expressed his intention of not standing for re-election.
